A MESSAGE FROM OUR CHAIRMAN

On Saturday, May 21, 1983 our Chicago Area Council will bring to life the handbooks of Scouting at the first Scout Show in this council since 1975.

Hawthorne Race Course, located between Cicero and Laramie (East to West) and 31st St. to 39th St. (North to South), will be the site of the big event, thanks to Thomas F. Carey, President and General Manager at Hawthorne. The facility offers adequate space for booth displays, stage shows, ample parking, storage and administration, and much more.

The Scout Show will bring together Cub Scouts, Boy Scouts, and Explorers and leaders from throughout our Council in a dramatic all-day skills exhibition.

More than just another activity, the Scout Show will unfold the purposes and program of Scouting to the public while portraying the breadth and depth of this character development, citizenship training, mental and physical fitness program for youth. It will make parents enthusiastic about the organization their children belong to. And when all this happens, the prestige of Scouting in our council will rise to new and greater heights.

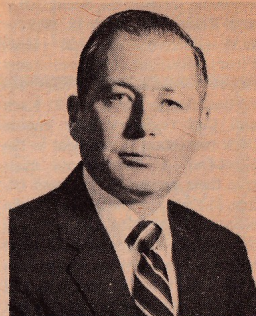

The Scout Show will demonstrate in a nutshell why more than 30 million Americans, including several of our nation's Presidents and a majority of our top business and professional leaders have identified with Scouting.

We are confident that you will reap a keener appreciation for the ingenuity, ability and imagination of our participating youngsters when you visit the Great Chicago Scout Show.

Scout Executive's Minute

WHY FAMILY SUSTAINING MEMBERSHIP

Let's take a look at who pays for Scouting needs and uses their child's Scouting. When your child becomes a Cub Scout, Boy Scout, or Explorer, you as his

parents join in a partnership with the Boy Scouts of America. The Scouting lends a strong right arm to parents, teachers, clergymen, and other community leaders in training tomorrow's responsible citizens...your child and his or her friends who will be "physically strong, mentally awake, and morally straight."

Your child's Scouting experience is made possible by many people who contribute their time, talents, and resources as Scouters...adult volunteer members of Scout units, chartered institutions, Chicago Area Council and the National Council.

But time and talent aren't enough; for Scouting, like all good programs costs money. The job of securing funds is made much easier whenever parents and friends of Scouting understand how

Scouting needs and uses their contributions.

Chicago Area Council as a voluntary organization receives no subsidies from government or fees from services rendered. The council operating funds come from the United Way, and from individuals, and corporations through the council sustaining membership program.

The 1982-83 Council Operating budget is \$2,645,250.

31 percent comes from the United Way

58 percent comes from special fund raising events and campaigns

11 percent comes from sustaining memberships

As parents you believe in Scouting for your child...and his or her friends. You can help your son or daughter by seeing that they have opportunities to earn expenses in Scouting so they can pay their own way. You can help provide Scouting for him or her and their friends by enrolling as a

sustaining member.

The funds you contribute are spent in your council area. The council issues monthly financial statements and its accounts are audited annually.

Almost nine out of ten Americans contribute to one or more charitable organizations. Seventy-one percent contribute to a church or another religious organization, 32 percent to an educational group, 24 percent to a hospital, 66 percent to other health and welfare organizations, and 53 percent to other charities.

Chicago Area Council continues to be in need of your financial support to make its program effective through Scout units and registered Scouts and leaders. A sustaining membership is your opportunity to help the Scouting program. Why not join your fellow Chicagoans in this enrollment? A sustaining membership is available to any adult and is tax deductible.

YOHANAN APPOINTED EAGLE RECOGNITION CHAIRMAN

Council President Dan Toll announced the appointment of Robert R. Yohanan as chairman for the March 11, 1983 Eagle Scout Recognition Day.

Mr. Yohanan is a Vice-President at the First National Bank of Chicago. He is a native of Chicago, graduated from U.S. Naval Academy and received his MA from the University of Chicago. He has served the bank in many positions in many countries including Ireland, Lebanon, Jamaica, England and Scandinavia Countries.

The Eagle Scout Recognition Day will recognize the class of 1982 Eagles. Each Eagle Scout will have an opportunity to spend time with a sponsor (from a career field of his choice) and attend a recognition Luncheon at the Midland Hotel.

Robert Yohanan has also served as the successful 1982 LaSalle Street Dinner Dance Chairman.

FALL ROUNDUP RESULTS

Congratulations to our Fall Roundup winners. Troop 1736, 3773 and 3750. Other units that did an excellent job were: Packs—3736, 3787, 3732, 3773 and 3750. Troops—750 and 751. In all, we had 163 new Scouts sign up from September 1st to December 31st, and now have a total of 763 boys and 31 Scout units in the district.

KLONDIKE AND HUSKY DERBY Special thanks to Mike Steele and Don Jones, who chaired this year's Klondike and Husky Derby, respectively. Both events were well attended and enjoyed by all.

CUB SCOUT LEADERS TRAINING

A Cub Scout Leaders Training Course is planned for the month of March. They will be held at South Chicago Community Hospital, 2320 East 93rd Street on these dates: Saturday, March 12th, (9:30 a.m.-3:00 p.m.); Tuesday, March 15th, (7:30-9:30 p.m.).

In addition, an overnight camp-out will be held for Webelos leaders and Cubmasters on the weekend of March 26-27.

SME

The annual Scout fund raising campaign gets underway this month. This SME money is essential to underwrite the cost of the Council's camps and properties. It costs the Council nearly \$150 to support one boy at camp for a week. But, because of contributions from people like yourself, each Scout has to pay only half of this cost to go to camp.

This year's Family Campaign is being led by Jerry Small, Vice President of South Chicago Savings Bank. He will be asking each unit to designate one person to serve as the Unit Family Campaign Chairman. These people will be invited to a special kickoff to start the campaign. In these tough times, we hope that those who can share a little, will do so.

ADVANCEMENT

Boys are not advancing in Calumet District, if we believe the advancement reports coming in. Remember, when a boy earns a rank or gets a merit badge, submit a report to the council office.

SME

Now is the time of year that Sustaining Membership Enrollment gets underway. SME is essential for the district and council to function. If it was necessary for a family to pay the full cost of one boy to join Scouting, it would cost approximately \$71.00 per year, excluding uniforms, gear, etc. Our district is serving over 1,200 boys in nearly 50 units. Let's all give our fair share and support to SME this year.

Taking into great consideration that the district was without the services of a district executive for some time, shows clearly that a well-done job was performed. Thanks to all of you, once again!

DISTRICT SME

It is now the time for our great district to start preparing and thinking SME. Our SME District Chairman Irvan Williams has accepted the responsibility of administrating the campaign. He will need your participation and support, if we are to achieve goal of \$3,900. Please plan and prepare to support the district SME campaign.

CONGRATULATIONS

Mr. John Daniels was elected District Chairman for the year 1983. I'm looking forward to working with John — I have great and strong feelings that John will do a great job in pulling the district together, and administrate for the benefit of the boys and the district. John will need your support, I'm hoping you will give it to him.

Mr. Bill Moore was selected to be the District Commissioner. This is a highly important position for Bill. Based on Bill's experience and dedication to Scouting, I feel that Bill will perform as an excellent commissioner. Just a few of Bill's important jobs are to provide top-quality Cub and Scout roundtables, see that all units recharter on time, and provide unit needed services.

Please know that the commissioner is your friend — I am hoping you will treat him like a friend.

GENERAL

We are very well aware that a district monthly calendar is not appearing in this newsletter. However, if you read the January issue, you were notified that due to lack of communications and problems existing in the district, we thought it would be best to

cancel all district meetings until this problem was resolved. But the time-frame is for all meeting dates to be set in January; therefore, all dates will begin to appear in the March issue. During the time of the new construction and district reorganization, if any information is needed please feel free to call me, Evans Harvey your District Director at the office (559-0990), or home (731-9584) at any time.

NEW DISTRICT CHAIRMAN

On December 12, 1982 Timber Trails elected Charles "Milt" Andersen to the office of District Chairman. Milt is a prominent businessman in Oak Lawn, and has been in Scouting since his early years as a Scout in Troop 682. At present, he is Scoutmaster of that troop.

Milt, and his lovely wife Joyce, have four children; two boys now in Troop 682, and two daughters. The district extends a big welcome to Milt and his family.

SILVER BEAVER

This year, we are proud to announce that Mr. Leroy Corradino has been selected as a recipient for the Silver Beaver Award, the highest honor that can be bestowed upon a volunteer Scouter. To Leroy, we extend our congratulations, an award you sincerely earned.

GET WELL

At this writing, one of our dear friends is hospitalized in Holy Cross Hospital. We send our best wishes to Isabel Buchhaas, a great Girl Scout Leader and wife of Frank Buchhaas, Scout Roundtable Commissioner.

UNITS TO REREGISTER

ROUNDTABLES

This meeting is designed to be a mini training course and the staff tries to do their best—but—what we need is a little input from the old-timers, so that our new Scout leaders can profit by their know-how—GET INVOLVED—, call Joe Vilcek, (598-6408).

NEW LEADERS:

Judy Kijewski—New Cubmaster of 3423, Our Savior's Lutheran Church. Dave Gregg—3659, Hometown Christian Church. "Red" Hooper—423, South Stickney Park District. Welcome, and Happy Scouting

WINDOW DISPLAYS FOR FEBRUARY

Every unit is invited to have a Window Display somewhere in the

district. At the February 1 Roundtable, let the Roundtable Commissioners know the location of your display.

IN MEMORY

We close this column on a very sad note...The district has lost a great friend. A Scouter who has given his best for almost sixty years, Florimond "Del" Delforge passed away on December 16, 1982. Del was 71 years young, with a great spirit and desire to help young people. He started on the East Coast and traveled West, ending in the village of Oak Lawn, but always in Scouting. A few of the awards Del received were: Eagle Badge, earned as a young man; Scouter Keys, Award of Merit, and Silver Beaver, after which, he became a leader. He was a man who gave so much more than he received. To Mabel Delforge, his wife, and their two daughters, Denise and Sharon, and to his mother, Adele, age 91 of Florida, we extend our deepest sympathy.

EXPLORER PRESIDENTS ASSOCIATION

Twenty-five active post presidents and ship boatswains make up the new Explorer President's Association (EPA). All boatswains and presidents are eligible to join this group, which conducts programs and activities councilwide.

Gail Haller, adult Advisor to the EPA, reports that the group currently works on plans for the Explorer Ski Trip (Feb. 21), and

Explorer Olympics (June 4-5). In time, the EPA will run all Explorer events, year-round.

The EPA meets at 7 p.m., at the Chicago Area Council Service Center (730 W. Lake St.) on the second Monday of each month. For more information on how you, or your president or boatswain can become involved, call Don McChesney (559-0990).

FIRE-FIGHTING EXPLORERS

About 1,365 hikers learned about fire fighting during the Hike-a-thon held last November. When the hikers reached the Fire Academy, they were exposed to the various fire fighting equipment used by our fire fighters. The equipment included the squad, hook and ladder, engine, ambulance, and snorkel.

After sipping on coffee or hot chocolate, they witnessed a thrill show sponsored by the Chicago Fire Department. During the thrill show, a helicopter hovered several hundred feet over the ground while a rescuer rappelled to the ground, a station wagon was converted to a convertible via the Hurst Tool in the "jaws of life" demonstration.

and the snorkel basket was operated to show its function.

Fire post Explorers were on hand to answer questions, prevent injuries, monitor halls, provide directions and assist in the clean up afterward. Due to their fine efforts, classes being held on the second floor of the academy went undisturbed in spite of the large crowd.

The council again extends its thanks to Commissioner William Blair, Fire Chief Donald Stensland, Chief Engineer Ron Rach, Fire Fighters Jerry Bartlett, Frank Jacobson and Eric Jacobson and Eric Strong, and a very special thanks to all the Fire Explorers.

NATIONAL CONGRESS

Explorer presidents from across the land will trek to Dallas for the National Explorer Presidents' Association Congress, April 7-10, 1983. The agenda is burgeoning with training sessions, program sharing, election of national officers, and the development of a national EPA platform.

Each council will send a contingent of EPA officers and adult Advisors to the 1983 Congress. One

EPA chairman will attend per council, plus one EPA officer for each 1,000 Explorers in the council. Also attending will be nominees for national Exploring offices, volunteer EPA Advisors and council professionals.

Further details will soon be released. Registration information, costs and applications will be available through the Exploring Division.

BOWLING PARTY

Nearly 150 Explorers (not including adult leaders) bowled them over at the All-Night Bowling Party (Dec. 18). The alleys were rolled up at 4 a.m., as the last Explorers left.

Marina City Bowl has hosted this annual event for several years. The Explorer Presidents' Association (EPA) assisted with planning and registration.

The midnight marathon was enjoyed by all. The EPA already has plans in the works for the 1983 Bowling Party.

SKI TRIP

Plans are well underway for the annual Explorer Ski Trip. Majestic Ski Area near Lake Geneva will host a fun-filled day of snow skiing for Chicago Area Explorers on Monday, February 21.

Details and registration forms are already in the mail. Plan now to join in on the thrills, chills and spills. Call Kevin O'Brien (559-0990) for more information.

CAMPUS WEEKEND

Ever wonder what it would be like to go away for school? Would you like to see, live and learn campus life? Then join the Chicago Area Explorers for their campus weekend trip, April 16-17.

Western Illinois University rolls out the red carpet for all interested Explorers and leaders. Bus transportation, dorm lodging, meals, tours, speakers and activities are included in the registration fee.

See how college fits you! Detailed information on the campus weekend will be in the mail next month.

SCOUTING FOR THE HANDICAPPED

1982 WRAP-UP

This past year saw growth and improvement of the Scouting for the Handicapped program in Chicago Area Council. Thirteen new programs were kicked off, over \$20,000 was raised (overlapping fiscal year), substantial increases in the number of youth and the number of new units were seen, and program and training saw improvements.

CACOSH Chairman Ed Eckenhoff resigned his position after five dedicated years, to become President and Chief Executive Officer of the National Rehabilitation Hospital in Washington, D.C. Ed is doing very well in Washington, and we will miss him dearly.

1983 SCOUTORAMA

The 1983 Chicago Area Council Scoutorama is scheduled for May 21. Chairman for Scouting for the Handicapped will be Andrew Jenkins from the Chicago Lighthouse for the Blind. We hope that many special units will be able to attend. A Handicapped Awareness Trail will be one station, and we may have another booth also.

1983 SME

Scouting for the Handicapped will run an SME Campaign for 1983, in addition to the ongoing foundation support. Mary Lou McCloskey, Head Special Education Teacher at Schubert School, and active CACOSH member, will coordinate the Finance Campaign. For more information on upcoming events, please call Bill McCahill (559-0990 or 463-1135).

IN-SCHOOL SCOUTING OFF AND RUNNING

SCOUT LITERATURE TO BE USED IN SCHOOLS

1983 started off on the right foot, as 563 kids joined 10 new units as part of the pilot program, In-School Scouting. They are as follows:

- Piccolo School; Michael Bailen, principal - P4981 - 42 Cub Scouts; Lill Curth, Cubmaster, Pat Iverson, Den Leader; T-1981 - 49 Boy Scouts; Jim Curth, Scoutmaster

- Frazier School; William H. Brown, principal - P4982 - 47 Cub Scouts; Aleathia Ligon, Cubmaster, Leola Bobo, Den Leader; T1982 - 35 Boy Scouts; Vernon Bradford, Scoutmaster

- Goodlow Magnet School; James Gubbins, principal - +4983 - 41 Cub Scouts; Stanley Cooper, Cubmaster,

Mrs. McWhorter, Den Leader

- Corkery School; Shelby Grant, principal - P4991 - 34 Cub Scouts; Mary Rutherford, Cubmaster, Brenda Johnson, Den Leader; T1991 - 10 Boy Scouts; Paul Rutherford, Scoutmaster

- Gregory School; Michael Striegl, principal - P4992 - 52 Cub Scouts, Sybil Griffen, Cubmaster, Andrea Walker, Den Leader; T1992 - 43 Boy Scouts; Joseph Griffen, Scoutmaster

- Newton School; Dr. Alma C. Jones, principal - P4995 - 210 Cub Scouts; Lawrence Stepney, Cubmaster, Katherine Irving and Janice Good, Den Leaders.

These programs will be using Scout literature in the classrooms throughout the rest of the school year. Students will be encouraged to do the non-curriculum Scout activities with their families for extra credit in school. Traditional den, pack and troop meetings will be scheduled in coordination with the leaders and school administration. Scouts will develop a relationship with "school work" to "outside school" activities. This simple principle will introduce students to reasons for complete education, career awareness and motivation to stay in school.

Perhaps, the most interesting approach is at Newton School. Principal Dr. Jones embraced In-School Scouting as a total school project. "No boy will be denied an opportunity in Scouting," she states. All young men at Newton

will, at the very least, be exposed in the classroom. Newton was the first school to participate last summer, with 40 boys attending Cub Day Camp and various activities, under Cubmaster Stepney's leadership. Faculties from these schools also are enthused with using Scouting materials in their classrooms. "I've been waiting for something like this," says Ms. Bonnie Cotrell, 3rd grade teacher at Gregory school. "As a Brownie leader, I've wished that we could use Scouting materials in our classrooms. This is great!"

On January 19 and 22, the new leaders of this program participated in an Orientation and Basic Training course. Confidence was strengthened and excitement built. Leaders and their units are looking forward to being an active, growing part of Chicago Area Council.

IN-SCHOOL SCOUTING CHAIRMAN

Barbara J. Berney, In-School Scouting Chairman, is originally from the Quad City area. She received her degree from the University of Colorado, studying one year in Spain.

Ms. Berney is currently a Personal Banking Officer in the Private Banking Division of the First National Bank of Chicago.

In addition to her active role as Chicago Area Council's newest program chairman and Executive Board member, Barbara is also involved with the Junior League of Chicago, the Women's Forum of Chicago and the National Association of Bank Women.

BARBARA J. BERNEY

We welcome Barbara to our team, and look forward to her contribution of talent, expertise and enthusiasm.

SCOUTS PLACE IN MUSEUM CONTEST

A neon Christmas tree with and Paul School in Chicago. In his flashing stars, fluttering birds, red letter with the entry Timothy said: pulsating hearts, and blue bells. "I was very happy to receive an award for the Museum honorable mention award for my of Science and Industry's Christmas tree design. I wanted 'Christmas Around the World' my design to be a Christmas design Festival, November 20-January 9, of the future. I got my idea of a

Mayor Jane M. Bryne officially lit the tree during a brief awards ceremony on November 22.

The tree, which represents the United States in the Festival, was selected from the designs of nearly 200 participants in the Museum's "Golden Anniversary Christmas Tree" contest—the first of many 50th anniversary events to be held through 1983.

"The design contest was open to all the people of Chicago and its visitors, adults and children," noted Museum President Dr. Victor J. Danilov. Scouts Curtis Matthews and Timothy Pike were recognized for their entries.

Curtis Matthews is fourteen years old and a freshman at the Hirsch Metro School of Communications studying mass communications and data processing. Curtis has been a Scout for one year in Troop 595 of Midway District. Curtis says: "One of my interest's is camping. I have been a Boy Scout for one year. And I enjoy doing things with the other Scouts, and I like earning badges, certificates and awards for skills. I have learned about different things."

"I saw a flyer with information about the contest and where to send my design. I thought this contest might be interesting and rewarding at the same time. It took me some time to design my picture because I couldn't find a theme for my tree, or a thought to match the theme, Christmas around the World. I found a book with some pictures in it of the various countries flags. So I designed my tree with flags of the different countries around the world."

Curtis Matthews won under the category of Junior Recognition.

Timothy Pike is a thirteen year old Life Scout in Troop 414, chartered by Our Lady of Good Church, in the Marquette Trails District. He attends Saint Peter

Krypton, the city that Superman was born, was made of crystal. It was cool, clean and when different lights were used really neat. Since the museum is celebrating its 50th anniversary, I thought gold lights would make my tree a 50th Anniversary Christmas tree.

"Right now I am a Life Scout in Our Lady of Good Counsel's Boy Scout Troop 414. This is my third year in the troop and my third year as a patrol leader of the Panther Patrol. I plan to be an Eagle Scout by the summer of 1983."

"I found out about the contest from a flyer from the Boy Scouts of America."

SHAPING TOMORROW

The Chicago Area Council, Boy Scouts of America has been designated as one of twelve councils to play an active role in the National Council's "Shaping Tomorrow" Project.

Since our founding more than seventy years ago, the Scouting movement has been remarkably successful at helping instill in young people values and capabilities that stay with them throughout their lives. Our aims and purposes are just as important today as they were at the beginning. But our society is witnessing changes unparalleled in the history of our country to which our movement is not immune. The challenge we face today is to respond to current changes in a way that will prepare us for those that lie just over the horizon. Thus, the National Council, Boy Scouts of

America has undertaken the project called "Shaping Tomorrow" to build that organizational preparedness. A group of Scout professionals and volunteers, aided by McKinsey and Company, spent several months developing an overview of this project. They are now at the point where they are building a comprehensive understanding of problems and opportunities at the local level as well as from a national perspective. One of their greatest aids in building this understanding has been the enthusiastic and prompt cooperation they have received from people in every part of Scouting.

We are quite optimistic about this project and believe that it will contribute to a more effective and dynamic Boy Scouts of America.

HIKE-A-THON DRAWS RECORD TURNOUT

On Saturday, November 13 over 1400 Scouts and Leaders gathered at the Chicago Planetarium for the fifth annual Hike-A-Thon. This yearly activity allows Cubs and Scouts the opportunity to raise funds for their Cub Day Camp and long term summer camp registration.

This hike-a-thon is a fun way to earn camping fees and to support the maintenance of our camping properties, by taking a pleasant five and one half (5½) mile walk in the city. The hike starts and ends at Adler Planetarium, using city streets that have a hiking corridor marked off by city officials. The route takes hikers west from the Planetarium to Columbus Drive; north to Buckingham Fountain; west on Harrison to Clinton to the Chicago Fire Academy at Jefferson and DeKoven; and return to the Planetarium via Roosevelt Road. The route passes many Chicago landmarks and Fire Department demonstrators and Hike-A-Thon officials were present at these sites to point out significant facts to the hikers.

Chicago Area Council Cubs, Scouts and Leaders gather in front of the Chicago Skyline. Over 1400 youth and adults participated in the Hike-A-Thon.

The throng of 1400 plus hikers starts off led by (middle left to right) Chief Donald Stensland, Chicago Fire Department; Scout Executive Edward C. Jacobs; and Fire Commissioner William R. Blair.

PATTERNS OF CHARITABLE GIVING

The principal findings of the Gallup survey on giving patterns in 1981 are as follows:

+ Almost nine out of ten (86 percent) Americans contribute to one or more charitable organizations. Seventy-one percent contribute to a church or another religious organization, 32 percent to an educational group, 24 percent to a hospital, 66 percent to other health and welfare organizations, and 53 percent to other charities.

+ The average contribution of all respondents in 1981 was \$475, divided as follows: churches—\$313, educational groups—\$45, hospitals—\$37, other health—\$64, all other—\$38.

+ Contributions increased by income. The average contribution from households with an annual income below \$5,000 was \$238, while the average from households in the \$20,000 to \$50,000 income group was \$620. Giving also increased by level of education and

occupation. The mean donation of college graduates was \$864, the average for less than professional workers was \$715, while the average donation from unskilled laborers was \$400.

+ There was a wide divergence between those who itemized their contributions and those who took the standard deduction. Itemizers on the average contributed approximately two and a half times as much as non-itemizers: \$762 vs. \$312.

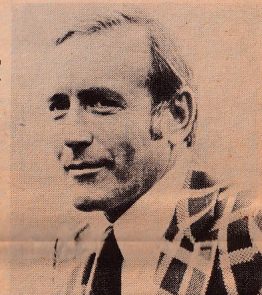

+ In 1978, the average donation to charitable organizations was \$358, compared to \$475 in 1981. This increase in the charitable donation compares favorably to the increases recorded in other reports on charitable giving, such as Giving in America. It also demonstrates a continued commitment by an overwhelming majority of the American public to continue to give and increase giving to charitable organizations.

YOUTH AGENCY CAREER WORK... AMERICAN HUMANICS

Today nearly 30 million youth are served by the programs of the Y's, Scouts, Clubs, Big Brothers-Sisters, Red Cross, JA, Camp Fire, and 4-H. But how do programs that serve so many members operate? All use adult volunteers in one form or another, but how do they manage their programs, offices, centers, camps, publications, etc.? The answer: over 25,000 full-time staff serving daily - in the evenings and on weekends—as career professionals in youth-voluntary agency administration.

Youth-voluntary agency professionals are a very special group. They are individuals who like working for and with youth, helping adult volunteers succeed at their jobs, and having great activity programs. Also, they are competent administrators who can manage a budget, supervise personnel, run a center and/or camp, raise funds, create a positive public image, and more.

Each year the eleven major national youth-serving organizations need between 1,800 and 2,500 new full-time staff. They seek individuals who are people oriented, competent managers, experienced, and who care about youth, America, the World, and tomorrow. This is where American Humanics comes in with its

specialized educational approach American Humanics Executive to youth-voluntary agency career Director who also actively recruits qualified students with career interest in youth work and ad-

CONCEPT:

The idea was conceived by the late H. Roe Bartle, former Boy Scout Executive in Kansas City, who recognized the community's need for competence in the administration of youth agencies.

Scout Executive in Kansas City, American Red Cross, Big Brothers-Big Sisters, Boys' Clubs, prominent youth agency Boy Scouts of America, Camp executives from every section of Fire, Girls Clubs, Girl Scouts of the country. While Scouting was USA, Junior Achievement, the early dominant interest, all Y.M.C.A., Y.W.C.A. and 4-H.

major youth programs now employ

AH graduates.

STRUCTURE:

AH works through a unique partnership with fourteen colleges and universities. The college provides the curriculum, recommended courses and engaging qualified faculty. American Humanics provides the co-curricular program.

PROGRAM:

The co-curricular program provides field trips to youth agency activities and facilities, workshops conducted by agency executives, summer employment placement, internships to provide on-the-job training, counseling, national conferences and training seminars and career placement. This program is directed by the

first graduate, there have been 1,100 students in the program. A recent survey of alumni reveals that 35 percent are now professionally employed in youth work. An impressive number also reported volunteer leadership involvement. Twenty percent of the alumni responding are employed by the BSA. Though fewer have pursued careers with the other youth agencies, there is now a noticeable trend to career choice with the other organizations.

LUNCHEON A SUCCESS FOR LAW ENFORCEMENT EXPLORING

On December 2, 1982, the Chicago Area Council, Boy Scouts of America, conducted the first Law Enforcement-Security Luncheon to benefit the Law Enforcement Exploring Program in Cook County. Sheriff Richard J. Elrod and Police Superintendent Richard J. Brzeczek served as Chairman and Vice Chairman respectively. The luncheon was a success in which nearly 100 new Law Enforcement Explorers were enrolled and over \$14,000 was

raised to support the program. Jerry S. Parr, Assistant Director for Protective Services of the United States Secret Service was our guest speaker and did a fine job. Richard J. Elrod and Samuel W. Nolan, Director of Public Safety of the City of Chicago and the "Father of Law Enforcement Exploring" in Chicago, both received the first Whitney M. Young, Jr. service awards ever to be presented in the Chicago Area.
